1. ⁷ LOYAL-VVISH. ^{no. 75}

3. July. 1711.

F R E E from all the Fears,
Resulting from Wars;
From **Court** Parasites,
And **Cloak** Hypocrites;
From **Kit's** Adulation,
And **Whig's** Moderation,
Good Heav'n! preserve our Q U E E N.

From Conspiracies,
And **Scotch-Willantes**;
From all the Cares,
A Monarch bears;
From Her Laws Evasion,
And **Knaves** on **Occasion**,
Oh! May She be ever secur'd.

May nought but Success,
Her Reign ever Bless,
Till *France* is undone,
And *Spain* is quite won;
And may all Her Foes,
Receive nought but Blows,
As Payment for all their Toils.

Let **Jacks** and their *Folly*,
And **Whigs** *Melancholly*,
For ever now cease in Her Kingdom;
And may all Her Quarrels,
Bring **MARLBRO'** fresh Laurels,
Whilst He is engag'd in Her Cause.
